REMARKS:

Applicant has carefully considered the Office Action mailed January 31, 2005. Reconsideration of the application in view of this amendment in response thereto is respectfully requested.

The specification is objected to because of various informalities in regard to the relationship between the faces of the sheets and the automobile seat. The specification has been amended to correct those informalities.

Claims 1-4 are rejected under 35 U.S.C. § 112, second paragraph, as being unpatentable for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. More specifically, the rejection pertains to inconsistency between the faces of the sheets and the automobile seat. Claims 1 and 4 have been amended to correct the inconsistency. As a result, claims 1-4 should now be in condition for allowance.

The Examiner is invited to contact the undersigned at the below-listed telephone number if it is felt that the prosecution of this application may be expedited thereby.

Respectfully submitted,
FRANK C. WICKSTROM et al
